

FoolProof for High Schools Quick Start Guide

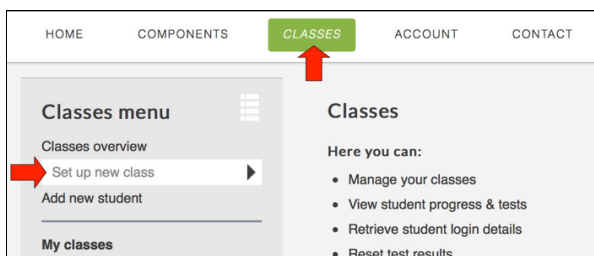

FoolProof
FOUNDATION
Use Caution. Question Sellers. Rely on Research.

When you access the FoolProof for High Schools program for the first time, you will need to register your personal (teacher) account:

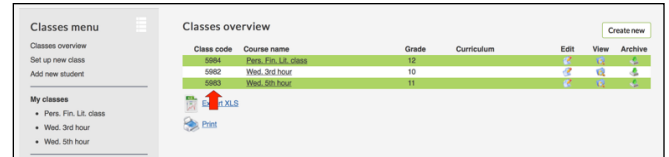

1. Visit foolproofme.com and click “login” on the top right of the page, followed by “Teacher login” in the main screen on the left

2. Select “Request access code” in the main box on the left
3. Fill in the FoolProof Registration form and press “send”
4. Verify your information and within 24 hours, you will receive an email containing your username and password
5. Simply revisit foolproofme.com and select “Login” and enter your credentials.
6. To begin, select “My Classes” to register your class
7. Then “Set up new class” and complete the steps to name the class

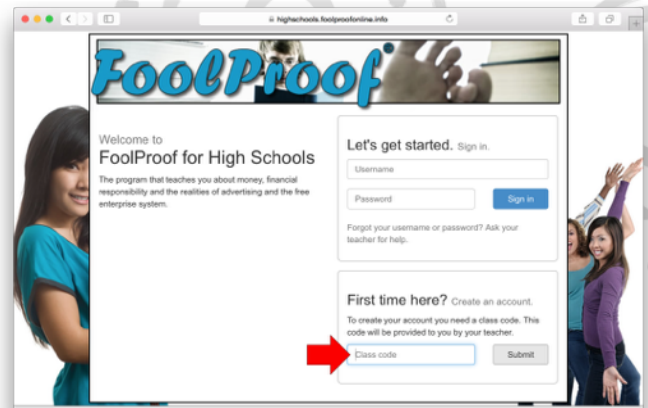

8. Once the class is created, make sure to share the “class code” with your students

Now, your students are ready to register:

They log in the same way you do (see point 1), except they select “Student login”.

1. They enter in their “Class Code” and select “submit”

2. Your students will then register by entering their information. They must create a unique username and password and select “Register”
3. That’s it, now your students can select from a wide array of the courses from the course menu. Plus, you have the ability to track their progress, ensure they are meeting the state financial literacy requirements and gaining the knowledge they need to prepare for their financial future!
